*cataloging the world paul otlet and birth of information age alex wright* In Cataloging the World, Alex Wright introduces us to a figure who stands out in the long line of thinkers and idealists who devoted themselves to the task. Beginning in the late nineteenth century, Paul Otlet, a librarian by training, worked at expanding the potential of the catalog card, the world's first information chip. History of the World Wide Web Wikipedia The World Wide Web WWW or the Web is a global information medium which users can read and write via computers connected to the Internet The term is often mistakenly used as a synonym for the Internet itself and often called the Internet but the Web is a service that operates over the Internet just as email also e mail and Usenet also does The history of the Internet dates back
